June 6, 2009, 9AM – Clean the Bay Day

Norfolk Adopt-A-Spot Program: A Brief History

The late Ernie Morgan, who helped organize Norfolk's Clean City Committee in 1979, was known to dislike litter and blight on our local roads and interstates. He was one of the driving forces behind the Norfolk Clean Community Commission's first efforts to establish an "Adopt-A-Street" program in Norfolk. Such a program would involve more citizens in litter prevention efforts and build pride in the city.

The City's first group to come forward to adopt a street was the Wards Corner Lions Club. Mayor Joseph Leafe officially opened the program and welcomed the Lions in January 1992 as the Adopt-A-Spot program began. Since then over 90 groups are actively involved in regular litter pickup throughout the city. Parks, beaches, wetlands, median strips, streets, and some vacant lots are included. Organizations continue to call to find out about the program and find it is a good way to show community pride and involve their members in a positive environmental stewardship activity.
